AMY GEORGE M.D, FACOG

Work Experience

University of California-Davis *Sacramento, CA*

2014-Present Associate Professor, Female Pelvic Medicine and Reconstructive Surgery

Summa Health System-Akron City Hospital *Akron, OH*

2013- 2014 Staff Physician- Female Pelvic Medicine and Reconstructive Surgery

Hillcrest and Marymount Hospital *Cleveland, OH*

2009-2010 Staff Physician- Department of Obstetrics and Gynecology

Post-Graduate Training

Indiana University School of Medicine/Methodist Hospital *Indianapolis, IN* Department of Obstetrics and Gynecology

2010-2013 Female Pelvic Medicine and Reconstructive Surgery Fellowship
Graduate Certificate in Medical Sciences, Indiana University School of Medicine

Henry Ford Hospital *Detroit, MI* Department of Obstetrics and Gynecology

2007-2009 American Association of Gynecology and Laparoscopy- Minimally Invasive Gynecology Surgery Fellowship

Baylor College of Medicine
Department of Obstetrics and Gynecology

Houston, TX

2003-2007 Obstetrics and Gynecology Residency

Education

1997-2003 **Royal College of Surgeons** *Ireland*

Graduated with Honors
Degree: Doctor of Medicine
Bachelor of Arts in Obstetrics

Publications

George A, Mayor P, Woodman P, Hale D. Analysis of outcomes after laparoscopic versus vaginal uterosacral vaginal vault suspension. Submitted for publication to Female Pelvic Medicine & Reconstructive Surgery Journal

George A, Hale DS. Case report: Surgical correction of vaginal defect with biograft after mesh excision. Submitted for publication to Female Pelvic Medicine & Reconstructive Surgery Journal.

George A, Mattingly M, Woodman P, Hale D. Risk of prolapse recurrence after transvaginal excision of mesh. Female Pelvic Medicine & Reconstructive Surgery. 19(4):202-205

Edenfield A, Amundsen C, Weidner A, Wu J, **George A**, Siddiqui N. Vaginal prolapse recurrence after uterosacral ligament suspension in normal-weight compared with overweight and obese women. Obstet Gynecol. 2013;121(3):554-9

George A, Hensley A, Hale D. Pelvic surgeons be aware: Ogilvie's syndrome (a case report). Int Urogynecol J. 2013;24(4):693-6

George A, Wegienka G, Hale DS, Woodman P. Risk of stress incontinence following urethrolisis/sling revision in obese versus non-obese patients. Female Pelvic Med Reconstr Surg. 2012;18(6):332-4

Sangha R, Eisenstein D, **George A**, Munkarah, A, Wegienka G. Analysis of the impact of body mass index on the surgical outcomes following robot-assisted laparoscopic myomectomy. Journal of Robotic Surgery, 4(4): 229-233(5).

George A, Eisenstein D, Wegienka G. Analysis of the impact of body mass index on the surgical outcomes following robot-assisted laparoscopic myomectomy. J Minim Invasive Gynecol. 2009 ;16(6):730-3.

- 2nd Place, Robotic Technology Award, Best Paper in Robotics, AAGL meeting 2009.

George A, Sprock M. A Postoperative Scare: A Rare Case of an Ovarian Dermoid containing gastrointestinal epithelium.

- Publication in "The Female Patient"- July 2009

Presentations

George A, Mayor P, Woodman P, Hale DS. Analysis of outcomes following laparoscopic versus vaginal uterosacral ligament vault suspension. **Poster presentation** at American Urogynecology Society Meeting, October 2012, Las Vegas, NV

George A, Mattingly M, Woodman P, Hale D. Risk of prolapse recurrence after transvaginal excision of mesh. **Poster presentation** at American Urogynecology Society Meeting, October 2012, Chicago, IL

George A, Woodman P, Hale D. Laparoscopic sacrocolpopexy in the geriatric population. **Poster presentation** at American Urogynecology Society Meeting, October 2012, Chicago, IL

George A, Wegienka G, Hale DS, Woodman P. Risk of stress incontinence following urethrolysis/sling revision in obese versus non-obese patients. **Poster presentation** at American Urogynecology Society Meeting, September 2011, Providence, RI

Kasturi S, **George A**, Hale D. Iliococcygeal suspension. Accepted for **Video presentation**, at American Urogynecology Society Meeting, September 2011, Providence, RI

George A., Eisenstein D., Wegienka G. Analysis of the impact of body mass index on the surgical outcomes following robot-assisted laparoscopic myomectomy. **Oral Presentation** at Advances in Uterine Leiomyoma Research: 3rd NIH International Congress, November 2010, Bethesda, MD

George, A., Karkala N., Zurawin, R. Micronized progesterone versus combined estrogen and progesterone therapy in the treatment of adolescents with dysfunctional uterine bleeding. **Oral Presentation**, North American Society of Pediatric and Adolescent Gynecology Annual Clinical Meeting, May 2006

Eisenstein D., Davidson B., **George, A.** et al. Do Uterine Characteristics affect laparoscopic supracervical hysterectomy procedure time? **Oral presentation**, The Global Congress of American Association of Gynecologic Laparoscopists, November 2007.

George, A., Wegienka, G. et al. An analysis of surgical outcomes in patients undergoing robotic assisted laparoscopic myomectomy versus abdominal myomectomy. **Oral presentation,** International Robotic Urology/Gynecology Symposium. January 2009.
Poster presentation, AAGL 38th Global Congress of Minimally Invasive Gynecology, Orlando, Florida, November 2009

George, A., Butler Y., Wegienka G. et al. An analysis of surgical outcomes in patients undergoing robotic assisted laparoscopic myomectomy versus abdominal myomectomy. **Oral presentation,** AAGL 38th Global Congress of Minimally Invasive Gynecology. Orlando, Florida, 2009.

Siddiqui N, Amundsen C, Weidner A, Judd J, **George A,** Wu J. Anatomic Outcomes of Uterosacral Ligament Suspension in Obese versus Non-Obese patients. **Poster Presentation,** AUGS Annual Meeting, Hollywood, Florida, 2009.

George, A, Eisenstein, D., Sangha, R. Robotic Assisted removal of Ovarian Remnant and Endometriosis. **Video Presentation,** AAGL 38th Global Congress of Minimally Invasive Gynecology. Orlando, Florida, 2009.

July 2019 **Grand Rounds:** Urinary Incontinence: A Tool Kit for the Primary Care Physician

Board Certifications

2012-Present	American Board of Obstetrics and Gynecology
2017-Present	Female Pelvic Medicine and Reconstructive Surgery

Professional Memberships

American College of Obstetrics and Gynecology
Fellow of American College of Obstetrics and Gynecology
American Urogynecology Society
International Urogynecology Association
International Academy of Pelvic Surgery

Licensure

2014-Present	California Medical License
--------------	----------------------------

Community Service

2016-2018	Volunteer faculty at Banyahan Community Clinic- Sacramento free women's clinic
2017-Present	Volunteer faculty at Sacramento Willow Women's Clinic- free healthcare for homeless population
2017-Present	Member of International Volunteer Teaching Consortium for Specialty Surgeons in Ghana, West Africa

Professional Committees

2009-Present	Peer reviewer for manuscript submission for Journal of Minimally Invasive Gynecology
2014-Present	University of California Davis Medical Student Mentor Committee
2016-2017	University of California Davis Surgical Services Committee

2016- 2018	University of California Davis Medical Student Admission Committee
2016-2018	University of California Davis OBGYN Resident Clinical Competency Committee
2017-Present	Peer reviewer for manuscript submission for the Female Pelvic Medicine and Reconstructive Surgery Journal
2017-Present	American Urogynecology Society Annual Meeting Abstract Review Committee
2018-Present	American Urogynecology Society E-Learning Editorial Board
2019-Present	University of California Davis Committee for Diversity and Inclusion

Awards and Recognition

George A et al. Risk of prolapse recurrence after transvaginal excision of mesh.
 -2nd most cited paper in Female Pelvic Medicine and Reconstructive Surgery
 Journal 2012, 2013

Robotic Technology Award- Best Paper in Robotics American Association of
 Gynecology Laparoscopists (2nd Place)

National Science Academic Scholarship Award for Academic Excellence- University of
 Michigan

Presidential Scholarship Award for Academic Excellence- Wayne State University, MI

Legal work:

Available on request. Dr. George has reviewed cases for Plaintiff, Defense, national
 insurance carriers, pelvic mesh and MDL cases, personal injury/MVA, criminal, catheter
 and device complications.
